

At Madame Geisha we enjoy everything about our craft – from the food we cook, to the drinks we mix. We strive to only use the freshest produce we can find. We press our citrus juices daily to make sure our drinks are packed full of vitamins and we'll only throw in premium spirits & liqueurs to make our best expression of each drink– in short, we mix grown-up drinks for a grown-up crowd. We like to think we've got the best looking bar in town with a massive range of spirits to boot. So go on, have a chat with one of our friendly bartenders who'll help you try something a little different.
